*This Monthly Operating Report ("MOR") has been prepared solely for the purpose of complying with the monthly reporting requirements applicable in the bankruptcy cases and is in a format acceptable to the U.S. Trustee. The financial information contained herein is unaudited, limited in scope and as discussed below, not prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").*

*The unaudited consolidated financial statements have been derived from the books and records of the Debtors in these Chapter 11 cases. The information furnished in this report includes primarily normal recurring adjustments, but not all of the adjustments that would typically be made for the quarterly and annual financial statements to be in accordance with U.S. GAAP. Furthermore, the monthly financial information contained herein has not been subjected to the same level of accounting review and testing that the Debtors apply in the preparation of their quarterly and annual financial information in accordance with U.S. GAAP. Accordingly, upon the application of such procedures, the Debtors believe that the financial information may be subject to change, and that these changes could be material.*

*The amounts currently classified as liabilities subject to compromise may be subject to future change as the Debtors complete their analysis of pre and post-petition liabilities.*

*The results of operations contained herein are not necessarily indicative of results which may be expected from any other period or for the full year and may not necessarily reflect the consolidated results of operations, financial position and schedule of receipts and disbursements of the Debtors in the future. The Debtors caution readers not to place undue reliance upon the MOR. There can be no assurance that such information is complete and the MOR may be subject to revision.*
